

University of Wisconsin  
**Whitewater**

Dear Warhawk Faculty and Staff:

We are excited to announce the official start to our UW-Whitewater United Way Workplace Giving Campaign!

Collaboration, social responsibility, and opportunity are all important values at UW-Whitewater and we are excited to work with United Way to create value for our community. The United Way works with local programs and organizations to support the health, education, and financial stability of those that live and work alongside of us. We want to encourage each of you to please consider giving to the 2021 "United for All" campaign and support United Way's important work to strengthen our communities and create opportunities for all.

We also want to thank all of those who donated in 2020 and in previous campaigns. The last few years have been incredibly difficult for so many people in the communities surrounding UW-Whitewater, and your generosity has helped nonprofits, school districts, organizations, and programs keep their doors open and provide innovative and essential support for some of our area's most vulnerable members.

If you are interested in learning more about the United Way and the great work it does in North Walworth and Jefferson counties, please visit <http://www.uww.edu/unitedway>.

Please donate today and make a difference in the lives of those who live, work, play, learn, and grow all around our UW-W Campus!
